## Preface by the Provincial Director MESSAGE

It is with immense pride and enthusiasm that we embark on the journey towards crafting the Provincial Technical Education and Skills Development Plan for the period 2023-2028, aimed at fostering robust growth and empowerment within our beloved province.

Bukidnon, known for its natural beauty and cultural richness, stands at a pivotal juncture, ready to embrace a transformative era in technical education and skill development. The forthcoming plan embodies our collective commitment to fortify the region's socio-economic fabric, ensuring inclusivity, sustainability, and prosperity for all.

This strategic roadmap underscores a comprehensive approach, weaving together the aspirations of our youth, the expertise of industry leaders, and the guidance of partner educational institutions. It seeks to unleash the potential inherent in our diverse communities, nurturing talent, and fostering innovation in every sector.

This plan isn't just a document; it's a commitment—a commitment to the future of Bukidnon, a promise to empower generations, and a pledge to unlock the untapped potential that lies within our province.

I wish to extend my heartfelt thanks and gratitude to our stakeholders, partner industries and the local government units of the Province of Bukidnon for the wholehearted support during the process of the development of the Provincial Technical Education and Skills Development Plan 2023-2028.

Together, let us weave the fabric of progress, one empowered individual at a time.

God bless and Mabuhay!
